writes: "To all persons suffering from  
Liver Complaint, I would strongly recom-  
mend Ayer's Sarsaparilla. I was afflicted  
with a disease of the liver for nearly two  
years, when a friend advised me to take

equal." Mrs. A. B. Allen, Waterbury,  
Vt., writes: "My husband and I, two  
years of age, was taken with Bowel Com-  
plaint, which we could not cure. We tried  
many remedies, but he continued to grow  
worse, and finally became so reduced in  
flesh that we could only move him upon a  
pillow. It was then suggested by one of the  
doctors that Sarsaparilla might be the cause  
of the trouble. We procured a bottle of

worked wonders, for, in a short time, he

## CHESTER A. ARTHUR DEAD

Apoplexy Resulting From the Furling of  
a Blood Vessel the Immediate Cause of  
His Death—He Passes Away Without  
Pain—A Brief History of His Life.

NEW YORK, Nov. 18.—Ex-President Chester  
A. Arthur died at his home, No. 125 Lexington  
avenue, in this city, at 2 o'clock this  
morning. He had long been suffering from  
Bright's disease, but the immediate cause of  
his death was apoplexy, resulting from the  
bursting of a blood vessel, which caused  
paralysis of the whole right side.

He was in the city on a great sur-  
prise, understanding the alarming rumors  
as to his health during the summer months.  
His disease was one affecting the kidneys,  
and those around him had no faith in his  
permanent recovery, but his silent disease  
was not spoken of. He began to walk  
rapidly shortly after midnight, and by 2  
o'clock it was known that death was ap-  
proaching. He passed away without ap-  
parent pain.

As soon as the news of Mr. Arthur's death  
was made public many flags on public  
and private buildings were placed at half  
mast.

HOUSE ON LEXINGTON AVENUE.

Mr. Arthur had lived at No. 125 Lex-  
ington avenue for twenty years or more. A stroke  
of cerebral apoplexy, sudden but not wholly  
unexpected by the attending physicians, ter-  
minated his life. The stroke came in his  
sleep between Tuesday night and Wednes-  
day morning, and he did not rally therefrom. His  
death was painless—the slow going out of a  
turned down candle—for hours before the  
end came he was unconscious of his sur-  
roundings.

His son and daughter, his sister, his former  
law partner, Sherman W. Knevels, and his  
closest friend, Surgeon General, were at his  
bedside. All reports to the contrary, Mr.  
Arthur's health had not improved during his  
stay in New London six weeks ago, and  
at his return on October 1, he was no better  
than when he left the city. As time passed  
no permanent improvement came, and the  
physicians feared some such sudden stroke as  
the one to which he succumbed. In his en-  
feebled condition, even a light stroke of  
apoplexy would prove fatal to the one robust  
patient. But with the beginning of the  
present week a marked change for the better  
came in. Tuesday night he felt better  
and stronger than at any time since he was  
taken sick, and commented hopefully upon  
the fact.

Ex-President Arthur at the time of his  
death was in his fifty-seventh year. He had  
been a widower for seven years, and leaves  
two children, a son and daughter, Chester  
Allen and Nellie.

The funeral will take place from the church  
of the Assumption of the Blessed Virgin, 147  
Fourth street, at 9 o'clock on Saturday  
morning, and the remains will be buried in  
the family plot in the Albany Rural cem-  
etery.

Chester Allen Arthur was born in Fair-  
field, Franklin county, Vermont, October 13,  
1829, and was the eldest of a family of two  
sons and three daughters. His father, the  
Rev. William Arthur, was a Baptist clergyman,  
who emigrated at the age of eighteen  
from Cumbria, England, to the United States.  
He was a man of pronounced Irish descent,  
having been pastor of Calvary Baptist church  
in New York City from 1855 to 1863.  
The president's early education was ac-  
quired in the schools of Vermont, and at the  
age of fifteen he entered Union college at  
Schuylkill, N. Y., graduating with high hon-  
ors in 1849. During his college course he  
supported himself in part by teaching, and  
after his graduation he continued in that oc-  
cupation for about two years, being for a  
time principal of the Pownal academy, in

Vermont. Meantime he had also devoted  
himself to the study of law, and, having  
saved a few hundred dollars from his earn-  
ings as a teacher, he set out for New York,  
where he entered the office of Judge E. D.  
Culver.

Having been admitted to the bar, he  
formed a partnership with his intimate  
friend, Henry H. Gardner, and settled down  
to practice, rapidly acquiring a large share  
of success. Early in his professional career  
Mr. Arthur married a daughter of Lieut.  
Herdon, of the United States navy, an offi-  
cer who had gone down with his ship at sea,  
and whose widow was the recipient of a gold  
medal, voted by congress in recognition of  
his bravery. Mrs. Arthur died in 1861. Mr.  
Arthur early in life took an active interest  
in politics as a Henry Clay Whig, and was a  
delegate to the convention at Saratoga, which  
founded the Republican party of New York.  
He also had a taste for the administration of  
military affairs, and before the civil war was  
judge advocate of the Second brigade of the  
state militia.

When Edwin D. Morgan became governor  
of New York at the beginning of 1869 he ap-  
pointed Mr. Arthur to the position of sec-  
retary of the board of regents of the State  
re-education on his staff, and he was after-  
ward made inspector general, and then quar-  
termaster general of the military forces of  
the state, an office which he held until the  
end of Governor Morgan's term, at the close  
of 1871.

In 1872 Gov. Arthur returned to the  
practice of law and built up a large business  
in collecting claims against the government.  
On the 30th of November, 1871, he was ap-  
pointed by President Grant collector of cus-  
toms at the port of New York, an office to  
which he was reappointed in 1873. On re-  
turning to the presidency in 1877, Gov. Ar-  
thur was called upon to assume the duties of  
New York Mr. Arthur returned to the

materially to its maintenance. He was ap-

# DAILY EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.

ROSSER & MCCARTHY,  
Proprietors.

FRIDAY EVE., NOVEMBER 19, 1886.

"PINK-EYE" in a mild form is said to be very prevalent among the horses of Louisville.

The net earnings of the Chesapeake and Ohio Railroad for the past six months amount to more than \$600,000.

The New York Sun is bent on making Cleveland fire his Attorney General, Garland, and abandon his civil service policy.

The assessed value of property in Kentucky this year is more than \$17,000,000, an increase of about \$1,000,000 over that of last year.

In 1884 the Republican plurality in Pennsylvania was 80,000. At the recent election they carried that State by a little more than 5,000 majority.

The Common Pleas Court of Bourbon County will convene at Paris next Monday. There are 167 cases on the docket, 78 of which are new suits.

Lincoln's biographer, Colonel Ward Lamon, has recently won a big law suit at Washington, it is said, and will pocket the nice little fortune of \$250,000 as his fee.

NINETEEN counties in this State have adopted local option within the past year, and at present fully five-eighths of the "old Commonwealth" is under prohibitory laws.

The Thomas Iron Company has contracted for all the steel rails it can deliver in 1887, and the Patterson Locomotive Works are refusing to take orders for engines under six months' delivery.

Two of the Republican candidates for Congress in Minnesota are Free Traders, one of them being Vice President of the American Free-Trade League. All Free Traders in this country are not Democrats by any means, nor are all Democrats Free-Traders.

COUNTY ASSessor JOHN R. BURTON is engaged at present in listing the property in this city. We understand one taxpayer increased his assessment \$18,000 over that of last year. The new revenue law, which requires property to be listed at its fair cash value, is having a good effect.

A SPECIAL from Pittsburgh says: "For the first time in several years there is no strike in Pittsburgh or the surrounding district. Every furnace, iron mill, glass factory, tannery, oleomargarine factory, foundry, cooper shop, oil distillery and other manufactures are in full operation and if the coal mines are not running it is for want of water, not orders."

The Seth Thomas Clock Company, of Thomaston, Conn., have prepared drawings for the great clock which is to be placed in the tower of the new City Hall at Philadelphia, and which, if completed in accordance with their plans, will be the largest in the world. The bells upon which it will strike the hours and quarters will weigh fifty thousand pounds, and the glass dials, as contemplated, measure twenty-five feet in diameter.

The Junction City Herald is in for prohibition, and suggests the following State ticket for that party in 1887:

For Governor—Fontaine T. Fox, Jr., of Louisville.  
Lieutenant Governor—Dr. A. T. Henderson, of Carter County.  
Superintendent of Public Instruction—Ed. James L. Allen, of Boyle.  
Attorney General—Josiah Harris, of McCracken.  
Register of the Land Office—Archilles Nelson, of Russell.  
Auditor—Colonel J. R. Holmes, of Davison.  
Treasurer—R. K. Dyer, of Grant.

The Augusta correspondent of the Louisville Commercial, it seems, can never send that paper any information without drawing very strongly upon his vivid imagination. The following, however sent last Sunday to that journal by the individual referred to, is nothing but a wilful misstatement of facts:

The rains and bad weather have set in for the winter, and have put a stop to work on the Mayville and Big Sandy Railroad all along the line. The bridges over the small streams are just in such a fix that if the bad weather continues they will be completely destroyed. At the rate the contractors were making, the road from Mayville to Cincinnati would have been finished by the first of August of next year, but owing to this set-back it is not known when the work will be finished.

Work has not been stopped on the road. The contractors are all making favorable progress. The bridges will not be destroyed, even if the contractors should not be able to do any work till next spring. There are prospects of the road's being completed by the last of next February, as the contract requires, if the bridge work causes no delay, and hardly any one doubts that it will be in operation by the first of next August. The Commercial ought to quit publishing such stuff as the above.

## PRIESTS IN SESSION.

One of the Most Important Diocesan Synods Ever Held in America.  
New York, Nov. 19.—At the call of Archbishop Corrigan, 400 priests from all over this Catholic archdiocese, assembled in the cathedral in a diocesan synod. In many respects the synod is of greater importance than any ever before held in America. Changes of great importance in ecclesiastical government and discipline will be carried into practical effect. In matters of faith the synod will be silent. Six consultors, whose duty it is to advise officially hereafter with Archbishop Corrigan were appointed. Three rural deans also were appointed. These officers are a new order in the diocese of New York. Their duties lie between those of a bishop and a priest. They are called vicars of the bishop, and it is the duty of each rural dean to look after the ecclesiastical affairs of the diocese, to visit a number of parishes and report their condition to the bishop and to take charge of the funeral and marriage, and in many other ways to aid the bishop.  
For the new office of defender of the matrimonial bond, Rev. Dr. Burtell, of the Church of the Holy Trinity, of this city, was appointed. It is his duty to defend the validity of the marriage in accordance with the belief of the church, that marriage is a sacrament, and that divorces should be obtained only for scriptural reasons. Dr. Burtell's task will be to sift all evidence relating to the marriage in any particular case, when application is made to him in order that the truth may be arrived at, and also that the burden of proof for breaking the marriage tie may rest on that party who desires to bring about a divorce. In the event of a trial of the same case in a civil court and the granting of a divorce, the ecclesiastical tribunal may pass a decree in accordance with that of the civil court, or may refuse to pass it, and its findings are binding on the conscience of Catholics. Practically Dr. Burtell's task will be in the main to prevent divorces going by default.

## A FOUR-ROUND PRIZE FIGHT.

Jake Kilrain Knocks Out Tom Kelly at the Casino, in Philadelphia.  
PHILADELPHIA, Nov. 19.—Jake Kilrain had a hard job of knocking Tom Kelly out in four rounds at the Casino last night. In the first round he gave Kelly several severe blows in the stomach which affected his wind, and then he tried his right on his neck. He got the wind of the round, but not hard enough to settle him. In the second round Kilrain hit Kelly several times in the stomach. He was hard for a right-hander and landed it three times, but too high. Kelly got close up as often as possible, and after a short arm rally he clinched and thus gained time. The end of the round he had a sharp change of half-arm blows and Kelly cut Kilrain's left cheek badly, the blood flowing freely.  
In the third round Kilrain again made for his opponent's stomach. Kelly got in another right hander on Kilrain's eye and the blood flowed from his cheek to his neck. Kilrain looked wicked as he walked up for the fourth round. He gave Kelly another punch in the stomach, and then went in to finish him. He landed a right and left until he got him rattled and then banged him several times on the neck. The last blow knocked all the fight out of Kelly, who was caught by his seconds and taken to his chair. Mike Cleary, the referee, awarded the fight to Kilrain.

## Fatal Fire in Landville, Indiana.

MANLY, Ind., Nov. 19.—A fire with terrible and fatal results is reported this morning from the village of Landville, in the northeastern part of this county, twelve miles from this place. John Johnson, a prosperous farmer, and his family resided a quarter of a mile from the village. This morning the son of Mr. Johnson arose and built a fire, but finding it was out of control, he returned to bed. A half hour later the house was in flames. Johnson and his wife and their two sons were in their night clothing. The two daughters of Johnson, Ella and Minnie, aged respectively eighteen and twenty years, awoke in their upstairs apartment to find themselves surrounded by flames and half suffocated with smoke. They attempted to reach the ground, but escape was shut off. One fell on the stairway and perished there, and the other ran back to her bedroom, fell across the bed and was suffocated. The horror-stricken spectators were unable to render any assistance. The building was completely destroyed. The elder of the young ladies was a teacher in the Landville public school.
